

Classic Fly-Ford Blue Printed Suspension

As Featured In October 2007 Issue Of "Mustang Monthly" Magazine
 And February 2010 Issue Of Modified Mustangs & Fords

Simply Call 818-341-0940 to Order

This suspension retains the stock appearance, while giving you the maximum handling
 And the best part is it is all greaseable, the most you will ever do after this suspension
 Is installed is grease it, since there is VERY low friction in these suspension parts, you will
 Notice the VERY smooth ride, even with heavy duty sway bars and coil springs.

I have been manufacturing this suspension for 9+ years now, with ZERO Complaints,
 It Features a Custom 1" Stainless Steel Shaft & Oil Bronze Bushings in the
 Upper Control Arms & Spring Perches, Poly Ball Joint Boots and Lower Control Arm Bushings.
 It has a Very nice smooth ride. 50% lighter than tubular suspension, No More Creeks & Squeaks,
 My suspension is a fully greaseable system, Most Likely it's The Last Suspension You Will Buy.
 This system works great for daily driving, 1/4 mile racing and road racing as well & Concourse Car Shows Too!
